Hurricane Storage Program 2019

Town Creek Marina offers a program for hauling boats in the event our area is threatened by a named storm and a Hurricane Watch is declared by the National Weather Service. If a Hurricane Watch is issued, Town Creek Marina guarantees that our staff will haul your boat and block it securely in our parking lot or boatyard. The program will be in effect for the duration of the hurricane season (June 1-November 30). In order to participate, the boat must be brought to Town Creek Marina in time for its scheduled haul out. Town Creek Marina will determine haul out order based on travel-lift strap configuration and available on-land storage space given the sizes of the boats participating. If, for any reason, a boat owner elects to skip their scheduled haul out, their position is forfeited. Boats will be blocked in the parking lot so Town Creek Marina must return them to the water immediately following the storm's passing unless there is room in the boatyard. Participation in the program assures the boat of dry-dock space only. Please note that haul out does not guarantee that a hurricane will not damage your boat.

The nonrefundable program fee is \$20/foot. Charges for haul out and block up will apply as well as any weekend or overtime labor rate each time the boat is hauled due to a named storm. Many insurance companies will pay all or part of the enrollment fee and/or cost of the haul out during a storm event, so please check with your agent. Reserve a space by completing the application below and returning it with your payment and a copy of the declarations page of your boat insurance policy. Please call the Ship's Store (252-728-6111 ext. 2) with any questions.

*Please note: Any vessel that is hauled as a result of a named storm that is not enrolled in the program will be charged a fee of \$25/foot at the time of haul out along with charges for haul out and block up, including any weekend or overtime labor rate. **Boats will be hauled only if time and space allow, and the fee will cover only that single storm event. Successive storms will require additional payment of the fee and related charges.***

Space is limited and we suggest you respond quickly to secure a spot for your boat. Town Creek Marina will begin accepting applications on April 1, 2019.

Application

Boat Owner's Name: _____ Date: _____
(print name)

I agree to the terms of the Hurricane Storage Program. Signature: _____
